UK ADMISSIONS: PREPARING FOR CREDIBILITY INTERVIEWS

As you embark on your journey to pursue postgraduate studies in the UK, you may encounter a crucial step in the admissions process: the credibility interview.

WHY UNIVERSITIES CONDUCT INTERVIEWS

- To ensure that applicants are genuinely interested in pursuing their chosen course.
- To confirm that students have the financial means to support their studies and expenses in the UK.
- To assess if applicants have thoroughly researched their chosen course and university and understand why they are the right fit for them.

These interviews are designed to assess the applicant's genuine intention to study, their understanding of the chosen course and institution, and their ability to financially support their studies. At Enroll Direct, we understand that this can be a daunting experience, especially for international students. In this edition of EDPower, we aim to shed light on the purpose of these interviews, what to expect, and how to prepare effectively to ensure your success.
