INSIDE SCCOP: EDPOD ENROLL DIRECT PODCAST

We're thrilled to announce the launch of EDpod, Enroll Direct's brand-new podcast designed to inspire and empower you on your journey to success! Whether you're a student looking to navigate the education system, a professional aiming to upskill, or someone eager to make a career change, EDpod has something for you.

We created EDpod to help students cut through the overwhelming flood of information available online. With so many resources out there, it can be tough to know where to start or what's most relevant. That's why we launched EDpod—to offer clear, focused insights on education, upskilling, and career guidance. Hosted by our marketing lead, Maryem, EDpod brings you real success stories from young professionals who were once in your shoes. You'll meet the people who've turned their educational journeys into thriving careers, and hear tips from our expert team to help you do the same.

We're here to guide you with practical advice, cut through the noise, and get the support you need to succeed.
